Meeting Title： meeting9
Date： 16/09/2022

Problems about the dataset

1. EPIC dataset has not been given yet Solution: Ask Tim about EPIC dataset and just process the MIMIC datset if there is no EPIC dataset.
2. Structure of the report Solution: Basic information about MIMIC datset, lots of EDA, and look at the variability on a small sort of tracks Must lots of EDA part!
3. Word count of the report Solution: Flexible and need EDA plots

Next plan

1. Focus of the report: variability
2. Discuss the structure of the report
3. Assign the parts to team members
4. Send the draft to Michael
